## Our corporate sponsorship packages

### TIER

As a self-funding NGO we depend heavily on the support of sponsors, fundraisers and volunteers. The number of dogs we can train at any one time is limited by the funds we have in hand from year to year.

Corporate sponsors may wish take up one of the following packages:

Your company's logo will be printed on the service dog vest of 1 (one) service dog for **6 years + (until the service dog retires)**

Your company's logo will feature on the sponsors' banner on the Foundation's website for **6 years +**

Your company will get to **name the dog** being sponsored.\*

The Service Dog sponsored by your company will **visit your premises** or attend a company event up to twice a year for the duration of the contract.

Your company will be invited to **co-host the official graduation ceremony** of the service dog being sponsored and promote the sponsorship through branding of the event.

You will receive **pictures and posts** featuring the sponsored dog's progress on a regular basis.

*€15,000 is how much it costs the Foundation to maintain and train a dog. A company that sponsors a dog with this amount is sponsoring a dog's complete journey from puppyhood to qualification as a service dog. Where possible, this sponsorship package will be tied to a particular dog.*
